<u>Sunday</u>	<u>Monday</u>	<u>Tuesday</u>	<u>Wednesday</u>	<u>Thursday</u>	<u>Friday</u>	<u>Saturday</u>
Blue	No Test	Red	Green	Orange	Green	Orange

Select Colors

To use the drug testing randomizer, simply click the button and it will randomize the days in which drug testing will take place. Sometimes it takes a moment for the program to complete the randomization. After the button is pressed, it is best to wait until the button comes back up before pressing it again. In addition, the random number generator within the program is seeded by the system clock. To ensure good randomization, wait a few seconds between button presses.
